This is a decision on petition filed June 30, 1997 under 37 CFR 1.48(a). Petitioner requests that Robert Markus Munch be added as an inventor.

The petition is GRANTED.

37 CFR 1.48(a) (Correction of inventorship) requires -

37 C.F.R. §1.48(a) provides that when an error has occurred and an inventor has not been named, the application can be amended if the error occurred without any deceptive intent on the part of the inventors and the inventors make a diligent effort to correct the error. The error was discovered only recently when the originally-named inventor was reviewing the claims in view of a recently issued first Office Action. From that time the inventor and assignee have made an immediate and diligent effort to assemble the proper papers to bring this matter to the Assistant Commissioner's attention.

Thus, based on this petition supported by the Verified Statement of Facts, it is respectfully requested that the petition be granted and that the accompanying amendment be entered to add the name of Robert Markus Münch as a co-inventor.

Respectfully submitted,

2. The instant application corresponds to pending German applications DE 4316036.0 and DE 4416881.0 in which I am also named as the sole inventor.
3. Due to an error arising out of my lack of knowledge of the United States laws with respect to inventorship, Robert ^{Markus}~~Andreas~~ Münch was omitted as an inventor on the instant application, an act that was without deceptive intent.
4. This error was recently uncovered upon reviewing the claims of the instant application with my U.S. attorneys, Kenyon & Kenyon, in anticipation of filing a response to a first Office Action.
5. I have instructed my German attorneys to correct the inventorship in the corresponding German applications to name Robert ^{Markus}~~Andreas~~ Münch as a co-inventor.

I declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful statements may jeopardize the validity of the application or any patent issuing thereon.
